SCDOT Semi-Annual Consultant Performance Evaluation

1. Project Manager is responsible for:

- evaluating the Consultant semi-annually on April 1st and October 1st and at the completion of the contract.
- discussing the evaluation with the Consultant and allowing for a written response.
- submitting the completed form to the Professional Services Contracting Officer.

2. The Professional Services Contracting Officer is responsible for preparing a semi-annual report for SCDOT management.

3. The following description table is a guide for determining the appropriate consultant evaluation score.

(*) Score	Likert Scale Guidelines
10.0	Exceeds all (100%) expectations in every aspect. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
9.0	Exceeds virtually all (greater than 90%, but less than 100%) expectations, and meets remaining expectations. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
8.0	Exceeds most (61% - 90%) expectations, and meets remaining expectations. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
7.0	Exceeds many (31% - 60%) expectations, and meets remaining expectations. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
6.0	Exceeds (10% - 30%) expectations, and meets remaining expectations.. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
5.0	Meets all expectations. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
4.0	Meets most, but not all (61% - 90%) expectations. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
3.0	Meets many, but not all (31% - 60%) expectations. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
2.0	Meets some, but not all (10% - 30%) expectations. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
1.0	Meets a few, but not all (less than 10%, but more that 0%) expectations. Fails to perform and comply with contract. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.
0.0	Does not meet any expectations. Fails to perform and comply with contract. Includes: milestones, quality of work, responsiveness, key staff utilization, DBE utilization, and performance.

SCDOT Consultant Performance Evaluation Instructions

1. Please complete all information pertaining to the consultant.
2. Please select time period of evaluation.
3. The scale has been changed to the eleven-point "Likert Scale" (0-10). Please use the scale and descriptions on page two as a guide.
4. A weighted average will be used for scoring. Performance weight does not have to total 100%.
5. Before a score can be entered the box must be selected in the "Performance Weight" column for each applicable scored. *See red box below.

Detailed descriptions for Performance Scores are located on page 2.

Performance Criteria	Select Criteria & Min. Weight	(*) Criteria Score	Performance Scores	(*) Score
Schedule Milestones	☐ 20%		Outstanding	10.0
Quality	☒ 20%	8	Excellent	9.0
Performance	☒ 20%	9	Very Good	8.0
	☐ 15%		Above Standard	7.0
	☐ 10%		Slightly Above Standard	6.0
	☐ 15%	9	Standard	5.0
			Slightly Below Standard	4.0
			Below Standard	3.0
			Weak	2.0
			Poor	1.0
			Unacceptable	0.0

The criteria box must be selected for all performance criteria that pertain to the appropriate contract.

FINAL SCORE: 8.6

Performance Weight Scoring Explanation (supporting explanations are required for each criteria):

6. Once all scoring is complete please execute the **Calculate** button.
7. There is a **Reset Form** button if you need to start over. This will delete all information entered on the form.
8. Scoring must be explained in the "Performance Weight Scoring Explanation" section. This is required for each criteria chosen. If additional space is needed, another page may be used.
9. If all of the criteria are not selected for evaluation, an explanation must be provided in the "Performance Weight Scoring Explanation" section.
10. "SCDOT Project Manager Comments" section is to be utilized for additional comments (ex.: additional praise, or concerns).
11. Consultant will enter comments in the available space. If additional space is needed, another page may be used.
12. Please certify evaluation with signature and date.
13. "Final Score" will be calculated based on the chosen criteria with a correct weighted average.
